Career Objective

Software Engineering graduate from the University of Jeddah.
During my academic journey, I honed my skills in programming Languages (such as java, c++, and others), and tools. I am adept at quickly learning new technologies and applying them to solve real-world problems. My education has provided me with a strong foundation in software engineering principles, algorithms, and data structures. And I'm eager to start learning more.

Education

University of Jeddah
2019-2023

- Bachelor's Degree in Software engineering
  4.68 of 5 GPA

- Graduation Project "Corridors"
  Indoor AR navigation app
